Order — The Senior Surgeon's proposals commend themselves generally to Government & they accordingly sanction the same. As regards the acquaintance with the Kannada language of the Lady Superintendent proposed for the Bangalore Training School, Government are pleased to dispense with the condition in her case, but they expect that she will acquire a sufficient knowledge of the language within a reasonable time.

The Chief Secretary to the
Government of Mysore
Bangalore

Sir,

I have the honor to request the sanction of Government for the openi of two training classes for Telugu mid wives, one at the Maternity at Bangalo and the other at Her Highness the Maha rances Hospital, Mysore.

2. Miss Wells and the Hospital assista attached to the Maternity and Miss Govindarajulu and the Hospital assist attached to the Maharanees Hospital will under the supervision of the Medical officers of these institutions do the theoretical and practical part

part of the training and I have every reason to hope we [illegible] shall be able to turn out as good midwives as they do at Madras.

3. Only a limited number of pupils can be taken at a time at the Lying-in hospital Madras and if we have to depend on that institution it will be a long time before we can supply the talugs with midwives but with training classes of our own together with such assistance as we can get from Madras the requirements of the Province in this respect will be supplied in a reasonable time.

4. During my late inspection tour in the Tumkur, Hassan, Shimoga and Kadur Districts I learned everywhere that the people are most desirous of having midwives posted to the talugs and I request that Government will be pleased to sanction the entertainment of one for each talug on the pay proposed

in

in my letter No. 511-of 2-3-91 to your address
viz Rs 20/- per mensem.

5. I also request that Sanction may be given for the purchase of a few appliances and a few Vernacular books on Midwifery necessary for teaching these pupil midwives, the cost of which will be trifling, which can be met from savings in the Medical Budget and a bill for which will be submitted later on as soon as particulars are available.

I have the honor to be,
Sir,
